Company Profile

企业简介

河北亿铎源金属制品有限公司致力于分布式光伏发电系统集成，针对居民用户、工商业用户、公共建筑用户等提供光伏发电智能化解决方案，根据用户需要，从立项咨询、方案设计、备案申请、融资担保、工程安装、并网支持、发电运营、监测维护、系统升级等各个环节为用户提供一站式综合性服务。领英新能源公司依托政府优惠的新能源政策，凭借公司强大的技术力量和丰富的工程施工经验，成为分布式光伏发电领军企业。充分整合阿特斯光伏电力有限公司、尚德太阳能电力有限公司、阳光电源股份有限公司、华为技术有限公司等行业先进企业资源，携手共创蓝天白云，实现人类绿色能源梦想。

Hebei Edoyon Metal Products Co.,Ltd. specializes in distributed photovoltaic power system integration. It provides intelligent PV solutions for residential, commercial & industrial, and public building clients. We deliver one-stop comprehensive services covering project consultation, scheme design, filing application, financing guarantee, construction installation, grid connection support, power generation operation, monitoring & maintenance, and system upgrade.Relying on favorable government new energy policies, strong technical capacity and rich construction experience, Linying New Energy has grown into a leader in distributed photovoltaics. We fully integrate high-quality resources from leading industrial players including Canadian Solar, Suntech, Sungrow and Huawei. Together we strive for cleaner skies and realize the vision of green energy for mankind.

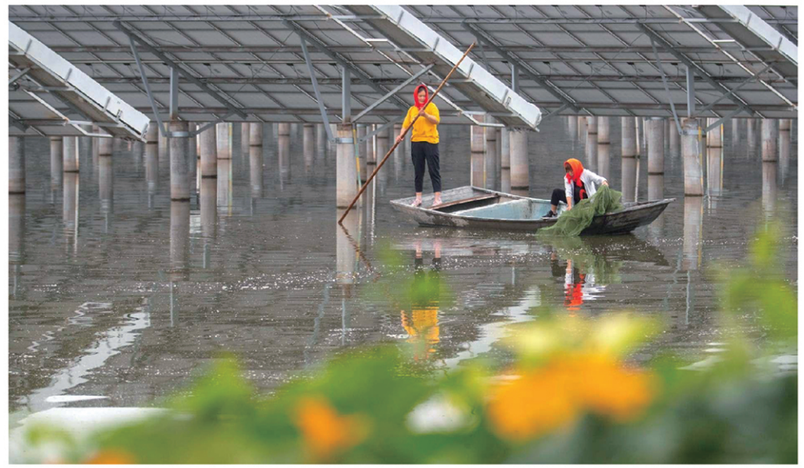
» 渔光互补光伏系列

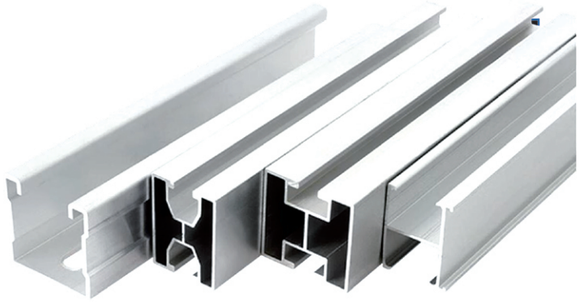


集中式光伏系列产品配件一致，充分利用鱼塘的空间资源，水有利于光伏组件的散热，提高发电效率。

The supporting accessories for centralized photovoltaic products are standardized. The system makes full use of the space re–sources of fish ponds. Water helps dissipate heat from photovoltaic modules and improve power gen–eration efficiency.

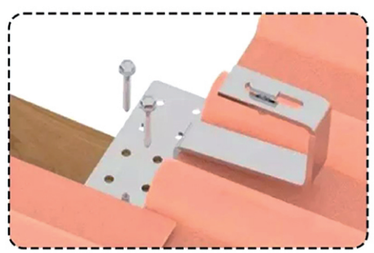
Residential PV Series

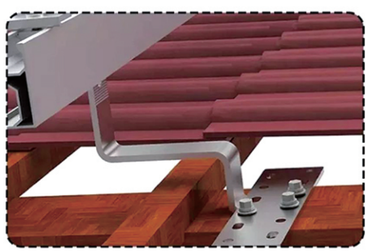
户用光伏系列



光伏挂钩系列

PV Hook Series





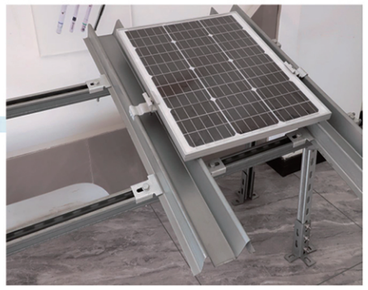
主要应用于固定光伏导轨　材质：碳钢、不锈钢　　表面处理：热镀锌

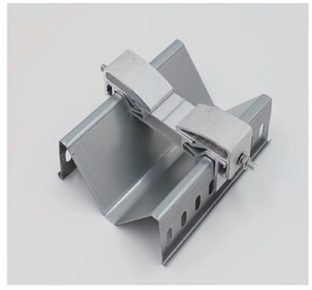
Mainly used for fixing PV guide rails.　Material: Carbon steel, Stainless steel　Surface treatment: Hot-dip galvanized

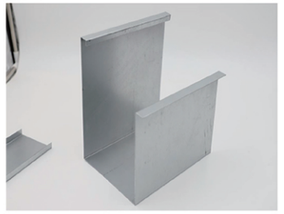
PV Sunroom Series

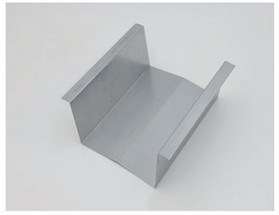
» 光伏阳光房系列

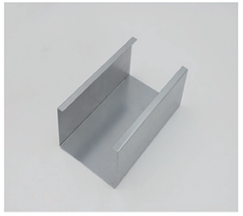
水槽系列 Sink Series

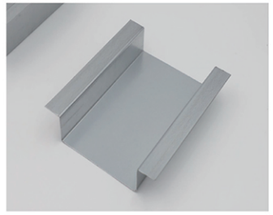




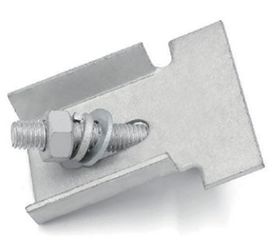


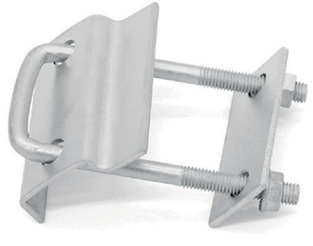


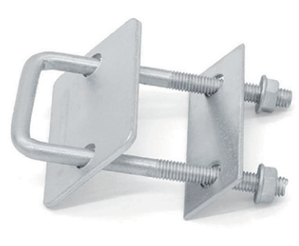




光伏压板系列 PV Clamp Series







主要应用于固定光伏组件、水伏水槽

Mainly used for fixing PV modules, PV water guide trough.

材质：碳钢　　表面处理：热镀锌、锌铝镁

Material: Carbon Steel　Surface Finish: Hot-dip Galvanized, Zinc-Aluminum-Magnesium
